Već više od 20 godina Javorović je dokazao da namještaj može biti moderan i kvalitetan. Funkcija s fleksibilnošću te kvaliteta s vrijednošću stavljani su u svaki komad namještaja koji proizvodi Javorović d.o.o.

Uvijek nas je vodila znatiželja i želja da se izdvojimo s namještajem koji traje godinama. Stoga gledamo dalje od trendova. Za nas bi ljepota dizajna trebala proizlaziti iz njegovog čistog oblika, tako da nas privlače snažni oblici koji ne trebaju dodatne ukrase da bi zasjali. Prekrasni dekori i elegantne čiste linije ono su što pretvara namještaj u suvremene klasike.

“Usredotočeni na dizajn i funkciju, ponosimo se proizvodima koji nisu samo lijepo izrađeni, već su napravljeni da traju.”

“With a focus on design and function, we pride ourselves on having products that are not just beautifully crafted but built to last.”

Uz pažljivo razmatranje najfinijih detalja i skrivenih dodataka kao što su soft close ladice i intuitivni mehanizmi te lampe s LED rasvjetom. Svi naši elementi dolaze potpuno sastavljeni s ladicama unaprijed izrezanima za odvod. Radi ekskluzivnijeg ugođaja u svim serijama koristi se keramički umivaonik, osim serije DREAM gdje se koristi umivaonik od lijevanog mramora.

Unesite svezremenski dizajn i funkciju u svoju kupaonicu i birajte iz naše ponude prilagodljivih zidnih i samostojećih kupaonskih serija sa širokom lepezom veličina i završnih obrada. Odlučite se za svoju oazu mira i unesite doživljaj wellnesa u vaš osobni prostor.

For more than years, Javorović, has proven that furniture can be stylish and comfortable. Function with flexibility and quality with value are put into every piece of furniture manufactured by Javorović d.o.o.

We have always been driven by curiosity and a desire to stand apart with furniture that lasts for years. So we look beyond trends. For us, the beauty of a design should come from its pure form, so we're drawn to strong shapes that don't need further embellishments to shine. The gorgeous decors and elegant clean lines are what turn furniture into contemporary classics.

With careful consideration of the finest details and hidden accessories such as soft close drawers, intuitive mechanisms and lamps with LED lighting. All our items come fully assembled with pre-cut drawers for drainage. For a more exclusive atmosphere, a ceramic washbasin is used in all series, except for the DREAM series, where a cast marble washbasin is installed.

DREAM STOJEĆI

Dream kao osnovni koncept inspiriran je čistom geometrijom, kvadratima i pravokutnicima. Kupaonske jedinice ponovljenog osnovnog dizajna kombiniraju se kako bi ponudile niz različitih funkcija, osiguravajući skladne krajnje rezultate u pogledu boja i struktura.

Dream as a basic concept is inspired by pure geometry, squares and rectangles. The bathroom units of the repeated basic design are combined to offer a range of different functions, ensuring harmonious end results in terms of colors and textures.

NEW OLD

New Old se ističe iz dva razloga, prvo po blago udubljenim frontama te posebnim spajanjem njegovih bočnih stranica i podnožja koji su spojeni jedni na druge na način kako bi se stvorila čvrsta cjelina te mogućnošću odabira otvaranja na C-profil koji je u boji dekora ili otvaranja pomoću crne metalne ručkice. Ovakav dizajn odiše spojem modernog i tradicionalnog te kao takav podignuti će svaki prostor u kojemu se nalazi.

New Old stands out for two reasons, first by the slightly concave fronts and the special joining of its sides and base which are connected to each other in a way to create a solid whole and the possibility of choosing to open to C-profile in decor color or opening using a black metal handle. This design exudes a blend of modern and traditional, and as such will elevate any space in which it is located.
